

The Movie 2012

Please feel free to spread, translate or post!

Dear Friends,

The Hollywood film 2012 premiered about a week ago and creates a (much distorted) mainstream knowledge of the existence of the Mayan calendar. I have written a review-blog about the film: http://www.maya-portal.net/blog/carl/2012_movie and the Mayan calendar portal has issued a press release about it: <http://bit.ly/aHhV9>

Regards

Carl Johan
